Dear Chairman Morabito:

### **SUPPORT FOR THE PRINCE MEMORIAL GREENWAY**

I am pleased to endorse and support the City of Santa Rosa's funding request of \$137,600 through the San Francisco Bay Area Program of the Coastal Conservancy for the Prince Memorial Greenway project. The Prince Memorial project is a dynamic project that engenders the support of the entire community and I am proud to add my support to the effort.

I have always believed that we should support projects that provide alternative transportation modes, such as regional trails and pathways for bicyclists and pedestrians. Besides the alternative transportation options this project will provide, the Prince Memorial Greenway will add needed creek enhancements that will also provide habitat restoration and landscaping for a watershed that has been greatly impacted by decades of neglect.

Further, it is my understanding that Prince Memorial Greenway has received the Conservation Partnership Award from the National Park Service. It is an excellent example of a project that will benefit the community by making it a focal point and has broader, regional values in focusing community interest on alternative transportation specifically as well as streams and aquatic resources in general.

I am honored to endorse and support the project application for the construction of Prince Memorial Greenway and know when this project is fully realized that it will bring great value to the community and to the natural environment.

Sincerely,

Lynn Woolsey  
Member of Congress

November 12, 2003

Chairman Paul Morabito  
State Coastal Conservancy  
1330 Broadway, 11<sup>th</sup> Floor  
Oakland, CA 94612

Re: **SUPPORT FOR THE PRINCE MEMORIAL GREENWAY**

Dear Mr. Morabito:

The West End Neighborhood Association would like to endorse and support the City of Santa Rosa's funding request of \$137,600.00 through the San Francisco Bay Area Program of the Coastal Conservancy for the Prince Memorial Greenway project. The Prince Memorial project is a dynamic project that engenders the support of the entire community and I am proud to add my enthusiastic support to the effort. The residents of the neighborhood uses and enjoys the Prince Memorial Greenway on a regular basis.

We have always believed that we should support projects that provide alternative transportation modes, such as regional trails and pathways for bicyclists and pedestrians. Besides the alternative transportation options this project will provide, the Prince Memorial Greenway will add needed creek enhancements that will also provide habitat restoration and landscaping for a watershed that has been greatly impacted by decades of neglect. In fact our neighborhood is seriously considering adopting a portion of the Prince Memorial Greenway and Pearson Reach.

Further, it is our understanding that the Prince Memorial Greenway has received the Conservation Partnership Award from the National Park Service. It is an excellent example of a project that will benefit the community by making it a focal point and has broader, regional values in focusing community interest on alternative transportation specifically as well as streams and aquatic resources in general.

We are honored to endorse and support the project application for construction of Prince Memorial Greenway and know when this project is fully realized that it will bring great value to the community as well as to the natural environment.

Sincerely,

Carol Dean, President
